So far this winter we have been very lucky with the weather and as a result we have continued to busy throughout the year. We would like to thank all our competitors, judges and helpers for their support in 2011 and we look forward to it continuing in 2012!

## UPGRADING FACILITIES

During the year Summerhouse Equestrian Centre have been upgrading our already excellent facilities for the benefit of our clients. February saw the extension and resurfacing of our then small warm up arena now renamed "The Andrews Bowen Arena". This arena is now 40m x 60m and has an Andrews Bowen Pro Wax Surface. At the same time the Indoor Weston Arena was also resurfaced with the same surface.

We now have a large hard standing car park that can be used all year and the spectators area has been gravelled so no more mud. During November we upgraded the 2nd Indoor Arena to have a new Andrews Bowen Pro Wax Surface. In the New Year this arena will also have eco friendly kickboards and wall to wall mirrors on the A line. We thank BEF for their contribution towards this arena.

There is now a P.A System into the Andrews Bowen Arena from the collecting ring. You will now be able to hear who is next to jump whilst warming up.
